## NOTICE

### IEEE Student Branch Annual Orientation 2023

Dated: 14th March 2023

**IEEE Student Branch of NIT Srinagar** is pleased to invite all the students of NIT Srinagar to its annual Orientation on **18th March 2023**. The event will be held at the **Institute Common Hall** and will start at **2:00 PM IST**.

IEEE Student Branch is a community of like-minded students who are passionate about technology and innovation. Our aim is to provide a platform for students to explore their interests, gain practical knowledge, and develop skills that are essential for their professional growth. We organize a variety of events and activities throughout the year, including workshops, hackathons, coding competitions, and seminars to name a few.

This year's Orientation is a great opportunity for students to learn more about IEEE Student Branch and how they can benefit from being a part of it. The event will include a brief introduction to IEEE Student Branch, followed by several talks and technical demonstrations. We will also be organizing a Q&A session where students can ask any questions, they may have about the IEEE Student Branch and its activities.

By attending the Orientation, students will get a chance to meet and interact with other students who share their interests. They will also learn about the various opportunities that IEEE Student Branch provides for their personal and professional growth. Whether you are interested in coding, robotics, electronics, or any other field related to technology, IEEE Student Branch has something to offer for everyone.

So, mark your calendars for 18th March 2023, and join for an extreme informative and engaging event. We look forward to seeing you there!

Best Regards,

Dr. Pankaj Kumar

Faculty Coordinator/Counsellor

IEEE SB NIT Srinagar
